Municipal Collection/Transfer Stations	$ 80.00/tonne

Commercial and Non-Facility Partners:

Industrial, commercial, institutional (ICI)	$ 102.75/tonne
Construction and demolition (C&D)	$ 120.00/tonne
Clean concrete, no protruding metal	$ 60.00/tonne
Clean Wood for chipping material / NO Nails	$ 60.00/tonne
Asphalt Shingles	$ 120.00/tonne
Metal	$ 40.00/tonne
Commercial Refrigeration Units	
Refrigeration gas must be removed	$ 40.00/tonne
Clean fill used for site reclamation	$ 20.00/tonne
A volume reduction of clean fill for site reclamation, over 10,000 tonne per individual haul contract, signed by the Commission Manager	$ 15.00/tonne
Alternate Daily Cover:	
Mixed soil materials, may include wood chips, gravel or crushed concrete used for daily cover	$ 30.00/tonne
Biosolids	$ 30.00/tonne
Asbestos (48-hour notice) – Commercial and Residential Facility Partners Only. Permits and Analysis required	$ 200.00/tonne
plus, a handling surcharge Fee of	$ 250.00/load

Mobile trailers/buildings

Must be demolished and sorted of all recyclable materials containing no Asbestos (Analysis may be required) $ 110.00/tonne

Mixed Loads:

Mix loads containing at least 25% materials that could have been diverted.
Ie: clean wood waste, metals, concrete, recyclables, etc.

Commercial & Non-Partners	$ 220.00/tonne
Residential	$ 220.00/tonne

Town of Slave Lake and Municipal District of Lesser Slave River are responsible for the residents' waste brought in by residents, not hauled by contractors, for the first 500 kg per load and will be billed accordingly.

Bulky Special Handling Loads:

These are loads containing very bulky, light materials such as: Styrofoam, Polly bags, tarps, plastic pipe, power poles, railroad ties, rig mats etc. These materials do not pack and take extra space in the landfill as well as create handling problems for the equipment operator. Loads with materials longer than 3 meters will not be accepted.

Commercial & Non-Partners	$330.00/tonne

After Hours Fees:

Commercial & Non-Partners $100.00/hour plus tipping fee

Additional Equipment Charge - billed accordingly as per the current Alberta Road Builders Rates

Soil Containing Hydrocarbons:

Parameters for acceptance at landfill:

Hydrocarbon Content	<20,000 mg/kg
Chlorides	<3,000 mg/kg

Flash point must be higher than 61C

The pH value must be no less than 2.0, and no higher than 12.5

There must be no free liquids as determined by use of the paint filter test

Soils must not be classified as a hazardous material under the provisions of the Alberta User Guide for Waste Manager

Copies of lab tests for the above information is required prior to approval of disposal.

Hydrocarbon Soil accepted as waste:

0-25% content of hydrocarbon and chlorides content	$ 30.00/tonne
Up To 100% of any of the above parameters	$ 110.00/tonne

Over 100% of any of the parameters not accepted

No soil is accepted with Flashpoint <61 degrees C

Late Payment:

Late payment charge for accounts overdue by 60 days: 1.5% per month on overdue balance
