We want to provide a desired quality of life for residents by raising public awareness of community standards. Bylaw 2016-03 prohibits the usage of burn barrels and incinerators within the boundaries of all Hamlets in the MD. Visit the **Resources / Bylaws** section of mdlsr.ca to learn more.

- **“Burn Barrel”** means an open non-combustible structure/container ventilated and exhausted in such a manner that may or may not preclude the escape of combustible material.
- **“Incinerator”** means a confined non-combustible structure/container ventilated and exhausted in such a manner as to preclude the escape of combustible materials, but does not include an industrial or commercial incinerator required to be licensed under the *Alberta Environmental Protection & Enhancement Act*.
